Content of the program:

I attended a 2-week seminar series by a distinguished Professor, Graham Priest. Other international students and local graduate students attended this seminar as well. I also participated in various Philosophy reading groups with local students and professors.

I have learnt a lot of new philosophical content, particularly in the area of East Asian Philosophy and Buddhist Philosophy.

While I have no immediate plans to work on this new content in the near future, I will now be more open to looking for new opportunities to mix Western and East Asian/Buddhist Philosophy.

Attending reading groups, and interacting with the local students here, has also motivated me to work on Philosophy more.

They are generally ~~comp~~ intelligent, diligent, and very helpful, making my stay in Kyoto a very welcome and memorable one.
