第3回次世代グローバルワークショップ 「人の国際移動 ―親密圏と公共圏のグローバルな再編成―|

中田 英樹 (COE 研究員)

去る12月11日と12日の2日間にわたり、京都大学文学部 新館にて第3回次世代グローバルワークショップが開催され ました。若手研究者に開かれた世界的なレベルの場で発表で きるチャンスということで、国内からは京都大学を中心とし て23名、海外からは26名の発表者(15地域19機関)があ りました。海外からの参加地域は前年度より3地域増え、よ りグローバルな研究発表の場となりました。

今回の全体テーマは「グローバリゼーションと移民」でした。 そこからさらに「外部化されるケア」や「国境を超えるアイ デンティティ」といった14のセッションに分けられ、3会場 において発表がおこなわれました。

私も発表者の1人として初めて参加したのですが、このワー クショップの各セッションにて、経験と学識の豊富な海外パー トナー拠点の先生方(15名)がアドバイザーとしてコメント されるのはとてもよいシステムだと感じました。限られたセッ

ション時間でも、十分に深みのある論点へと議論を導くその 手さばきに感激しました。

今回の全体テーマに関連して、2日目の午前に移民研究で 有名なブレンダ・ヨー先生(シンガポール国立大学教授)の 講演があり、ワークショップ全体の一貫性を感じられたとと もに、最新の研究状況を知ることができました。

ワークショップ終了後も、エネルギーの余っている海外の若 手参加者らとともに、場所を変えて徹底した議論を続けること ができました。公式のワークショップは時間が限られています が、その後の交流の場では各々の研究内容のみならず、文化や 社会についての意見交換ができ、更にお互いを知る機会となり ました。このような場で交流した若手研究者たちと、今後も研 究ネットワークを維持していきたいと考えています。今後も次 世代グローバルワークショップにより多くの若手研究者が参 加し、ネットワークを構築していくことを期待します。

The 3rd Next-Generation Global Workshop "Migration: Global Reconstruction of Intimate and Public Spheres"

NAKATA Hideki (COE Researcher)

For two days over the 11th and 12th of December 2010, the 3rd Next-Generation Global Workshop was held at the main building of Kyoto University's Faculty of Letters. This was a great opportunity for young researchers to give presentations at a global level, and there were 23 presenters from Japan, mainly from Kyoto University, and 26 presenters from overseas (15 regions, 19 institutions). The number of overseas regions represented by participants increased by 3 over the previous year, making this into an even more global

This 3rd workshop's overall theme was globalization and migration. Presentations were given in three different venues and divided into 14 sessions, covering topics such as "away from care" and "transgressing identity."

I participated as a presenter for the first time, and felt that it provided an excellent system, as in each session of this workshop we could be given comments from the various professors (15 in total) from our overseas partner institutions, with their rich experience and knowledge. Even in the limited time allowed for each session, I was

moved by expertly they guided the discussion towards meaningful debate points.

In connection with this 3rd workshop's theme, there was a lecture on the morning of the second day from Dr. Brenda Yeoh (Professor at Singapore National University) who has made her name in migration research, and in addition to gaining a sense of the overall inter-connectivity of the workshop, I was also able to catch up on the status of the latest research.

After the workshop ended we continued in-depth discussions in other locations with enthusiastic young participants from overseas. The official workshops had limited time, but when I was talking with other people later, we exchanged ideas and information not just on the contents of our research, but about different cultures and societies, giving us the opportunity to learn about each other. I hope to maintain this research network with the young researchers I met at these places. I look forward to even more young researchers participating in upcoming Next-Generation Global Workshops, and to the creation of wider networks.

次世代研究者からのメッセージ

Lisa Maria BRANDÉN Stockholm University

総合的によく構成され、友好的かつ社交的な雰 囲気のワークショップであると感じました。オー ガナイザーの皆様、ありがとうございました!私 はこのワークショップで初めて1つのセッショ ンの司会進行役の機会を得、ためになるよい経 験となりました。各セッションの司会進行役が 若手研究者に割り当てられるこの仕組みは有効 だと思います。このワークショップでは、多く

の貴重な体験ができたことに加えて、たくさんの新たな研究者仲 間と出会え、現在も交流が続いています。若手研究者のためのキャ リアの第一歩となる場を提供し、互いに自身の研究について議論 し合うチャンスを生み出すというこのワークショップの主たる目 的は、確実に達成されたと思います。私自身にとっても大変実り のある経験となり、是非また参加したいと思っています。

(ストックホルム大学)

I think the workshop has been well organized and the atmosphere has been really friendly and social. The organizers have done a great job. Thank you! I enjoyed the opportunity to chair a session for the first time. This was a really important and good experience for me, and I think it is nice of you to engage students in this. The workshop has made my experiences richer and I could meet many new colleagues and friends, whom I am still in contact with. I think you have really achieved the aim of this program; to let scholars in an early stage of their career, meet and discuss research with each other. I have had a good time, I really hope being able to return.

Fiona-Katharina SEIGER National University of Singapore (シンガポール国立大学)

自身の研究を報告する機会を得られ、大変感謝 しています。この「次世代」のためのワークショッ プというアイディアは、全般的にとても素晴らし いと感じました。博士課程で学ぶ人々や若手研究 者同士が、自らの研究を互いに発表する場をつく ることは大切だと思います。このワークショップ は、まさにそれを実現してくれました。そのおか げで、私は世界各国の様々な興味深い研究者たち

との出会い、知識交流の機会が得られ、中には現在に至っても日常 的にやりとりする人たちもいます。共に交わした議論は有益なもの であり、このワークショップを十分に堪能できました。

Thank you very much for giving me the opportunity to present my paper. Generally, I find the idea of this "Next Generation" workshop really, very good. I think it is important to create a platform for Ph.D. students and young researchers to introduce their ideas to an audience on equal terms; the GCOE Next Generation Workshop made this possible. The workshop gave me the opportunity to meet and mingle with a lot of interesting people from all over the globe - some of which I am still in touch with on a regular basis. The exchange with peers was good. All in all, I very much enjoyed the 3rd Next-Generation Global Workshop.

MORITA Jiro Kyoto University (京都大学)

私が今回の次世代グローバルワークショップを 通じして得たことは、2つあります。第一に、海 外の研究者の皆さんと議論することで、これまで 自分が「常識」だと思っていた視点が、他の国や 地域においては自明ではないということに何度も 気づかされました。第二に、英語で研究発表する

ことに自信がつきました。特にこのワークショッ プは、私のように留学経験がまったくない大学院生にとっては、日 本にいながら様々な国から来られた研究者の皆さんと交流ができる という点できわめて「お得」だと思います。来年以降もより多くの 若手研究者がワークショップに参加し、活発な議論が行われること を期待しています。

I have learned the two things through this Global COE workshop and symposium. Firstly, I was reminded many times while I was discussing with researchers from overseas that the perspectives which I considered as "natural" are not always shared with other regions or countries. Secondly, I have gained the confidence to give presentations in English. For the Japanese Ph.D. students, who do not have my experience of studying abroad, I believe that this workshop is a real bargain in terms of gaining experience in interacting with academics from various countries while still in Japan. I hope that more and more young scholars will join future GCOE workshops and enjoy lively discussions with each other.

Messages from Next Generation Researchers
